## Thermotron S-16 Environmental Temperature Test Chamber 2800 Programmable Control

### Model:

- S-16 / S16

### Control Package:

- Thermotron 2800 Controller with IEEE
- Thermotron Therm-Alarm

### Specification:

- Temperature Range:
  - -70C to 180C
- Temperature Control Package:
  - 2800 Programmable Controller
    - Options: IEEE
  - Therm-Alarm Redundant Temperature Protection Controller
- Interior Dimensions:
  - 16 cu.ft.
    - Length: 30"
    - Width: 30"
    - Depth: 30"
- Test Product Viewing Window:
  - 19" x 19"
- Chamber Port(S):
  - 4 inch qty-1
- Floor Model with Casters
- Air Cooled Compressors **No Facility Water Connections Needed**
- Electrical:
  - Voltage: 208
  - Phase: 3
  - Amps: 36.5
